Carpet Reviver

Cleaning, reviving the colour of black carpets and proofing them can do a lot to improve the overall look of the interior of a car. Discoloured, matted-down, dirty carpets will make a vehicle look old. Whilst there is not much you can do for worn out carpets, you can make dirty, faded, black carpets look almost as good as new.

Renovo Carpet Reviver is simple to apply and will give unbelievable results.

This new, unique and marvellous formulation not only cleans and re-colours black carpet; it **protects with advanced anti-bacterial guard, is effective against super-bugs and contains a UV inhibitor**. It infuses your car with a new car fragrance too! Available in 400ml size.

Interior Ultra Proofer

Cleaning and proofing the interior plastic and wood surfaces can do a lot to improve the overall look of the interior of a car. Dirty, grubby fascias will make a vehicle look old and tired. We look at the dashboard more than any other area of our car's interior so it makes sense then, that we should give it some special attention.

Renovo Interior Ultra Proofer is very simple to apply. This new, unique and marvellous formulation

not only cleans and proofs; it **protects with advanced anti-bacterial guard, is effective against super-bugs and contains a UV inhibitor**. It infuses your car with a new car fragrance too! Available in 400ml size.
